

TOP-LOAD AUTOMATIC
PARTS WASHERS

KÄRCHER

CUDA SERIES

The Safe, **No-Solvent** Solution
to Cleaning Parts **Automatically.**

Why Kärcher-Cuda Top-Load Parts Washers are the clear choice for your cleaning jobs.

Kärcher-Cuda Top-Load Parts Washers use pressurized hot water and specialized industrial detergents with rust inhibitors to clean parts automatically – increasing productivity and saving money while protecting your workers from nasty solvents and manual scrubbing.

- Choose from 6 Models
- 1/2 to 3 HP Close Coupled or Vertical Seal-less Pumps
- Load Capacity 250 to 500 Lbs.
- 230V, 460V and 575V Configurations
- Sump Capacity 25 to 50 Gallons

2412 SERIES

Compact, entry-level model

2412 FEATURES

Turntable Diameter	24"	
Working Height	12"	
Load Capacity	250 lbs.	
Sump Capacity	25 Gallons	
Pump Motor	1/2HP, 20 GPM @ 22 PSI	
Operating Temperature	150° - 170°F	

Control panel has simple controls for heater, turntable and wash-cycle operation, plus low water shut-off indicator.

Shown with options

The 90-day labor warranty for all Kärcher-Cuda Series parts washers is automatically extended to a **1-YEAR LABOR WARRANTY** with exclusive use of Kärcher detergents. Kärcher-Cuda Series parts washers are also covered by a 1-year parts warranty.

Upper drive arm rotates the turntable (shown with optional small parts basket and containment ring).

Removable debris screen prevents small particles and loose parts entering the cleaning solution.

Automatic low water shut-off enhances safety and protects the heating element by automatically turning the unit off if the water level drops too low.

Dimensions: 45" h x 35" w x 41" d

MODEL	ORDER NUMBER	WORKING HEIGHT	TURNTABLE DIAMETER	VOLT/PH	AMPS	ELECTRIC HEATER (kW)	SHIP WT. (lbs.)
H2O-2412	200.861	12"	24"	115/1	13	1.8	424
H2O-2412	200.862	12"	24"	230/1	24	4.5	424

2518 SERIES

Our top-of-the-line, extra-capacity model

2518 FEATURES

Turntable Diameter	25"	
Working Height	18"	
Load Capacity	500 lbs.	
Sump Capacity	50 Gallons	
Pump Motor	3HP, 50 GPM @ 45 PSI	
Operating Temperature	150° - 170°F	

The 2518 Series is our top-of-the-line, top-load model with extra-capacity throughout. It comes standard with a time-tested chain drive assembly, virtually maintenance-free vertical seal-less pump, and disc oil skimmer that can be automated for convenience in disposing of oil. Extra-easy access to the sump and removable debris screen set it apart from other top-loaders on the market.

Shown with options

Control panel has simple controls for heater, wash-cycle operation, oil skimmer and turntable, plus low water shut-off indicator.

Nine, 3/16" spray nozzles produce a powerful jet-cleaning action to blast away dirt, grease and grime from parts.

Easy access sump cover permits quick and easy cleaning of the parts washer.

Dimensions: 50" h x 40" w x 51" d

Vertical seal-less pump—No vibrations and positive flow. Easy to service when needed.

Built-in wheels allow the parts washer to be moved easily about the shop.

Automatic low water shut-off enhances safety and protects the heating element by automatically turning the unit off if the water level drops too low.

Removable debris screen captures and saves parts that might fall free during the wash cycle keeping them out of the sump area.

Oil skimmer automatically removes and collects free oils; prolongs life of wash water.

More Efficient Cleaning

Why waste time cleaning parts manually? With Kärcher-Cuda Series Parts Washers, you simply load the parts, close the lid and push START. A single parts washer can typically support three to four technicians or mechanics, who would otherwise spend hours washing parts by hand. Kärcher lets them concentrate on more productive, income-producing jobs which means your Kärcher washer can pay for itself in a year or less.

Environmentally Friendly, Safe To Use

The Kärcher Cuda Series parts washer is based on safe aqueous cleaning, so you eliminate the potential health hazards and disposal problems related to solvent use.

Specialized Detergents

Kärcher-Cuda Series detergents are designed specifically for use in Kärcher-Cuda Aqueous Parts Washers. At Kärcher, we carefully formulate our own detergents to ensure they outperform all other parts cleaning detergents in the industry. Ask your local Kärcher-Cuda Distributor which detergent is right for you!

A Model For Every Application

Whether the parts you're cleaning are big or small, wide or narrow, heavy or lightweight, Kärcher-Cuda has an automatic parts washer ideal for the job. With load capacities ranging from 250 lbs. to 2,500 lbs., the Kärcher-Cuda Series top-load or front-load parts washers are the perfect solution for all your parts cleaning applications.

All Kärcher-Cuda Parts Washers are ETL-Certified to UL-73 and CSA-22.2 #68 standards

The 90-day labor warranty for all Kärcher parts washers is automatically extended to a **1-YEAR LABOR WARRANTY** with exclusive use of Kärcher detergents. Kärcher-Cuda Series parts washers are also covered by a **1-year parts warranty**.
